The TOR des Géants® is a unique trail competition, combining long distance and autonomy for runners. From the Mont Blanc massif to the charming village of Cogne, through Italy's first National Park: Gran Paradiso, 170km and 11500m of positive and negative gradient will be covered. In a wild, mineral landscape with a succession of passes over 3000 m high, the feeling of freedom is increased tenfold by the sheer size of the mountains. From the Ruitor massif to the foot of Gran Paradiso, from the Gliairetta glacier to the Lauzon pass (3299m), this is a grandiose experience where adventure is the very essence of the trail.

You will love

- An original itinerary, using a large part of the official TOR des géants® and TOR des glaciers® routes;
- 170 Kilometers & 11500 meters of positive and negative elevation gain in 6 exceptional stages;
- Your proximity to the fabulous display of glaciers;
- The complete crossing from west to east of the Gran Paradiso national park.

Day-by-day itinerary

DAY 1

LA VISAILLE PIED DU MONT BLANC - COL DU PETIT SAINT BERNARD (2188m)

A relatively easy first step to acclimatize well and gain height gently. Go up from Val Veny first by a small road to Lake Combal before tackling the first pass of the week, the Col des Chavannes (2592m). What follows is a long rolling descent into the Chavannes valley. Finally, a final gradual ascent allows you to return to the Petit Saint Bernard hospice (on the Franco-Italian border). Night in hostel, **with your luggage**.

Distance : 26km / Elevation : +1500 m ; -900 m

DAY 2

PASSO ALTO (2860m) & COL DE LA CROSATIE (2826) - VALGRISENCHE

The serious stuff begins! After a gentle ten kilometres or so to reach La Thuile, a sublime sequence at the foot of the Ruitor glacier awaits the group. The first long ascent leads to the Albert Deffeyes refuge and then on to the Passo Alto... But that's not all for today! The demanding KV climb of La Crosatie is just around the corner. On the descent, we pass through the lagoon before reaching Valgrisenche. From Planaval, a short transfer by valley shuttle to Valgrisenche. Overnight in a hotel, **with your luggage**.

Distance : 35km / Dénivelé : +2400 m ; -2950 m

DAY 3

LAGO DI SAN GRATO - RIFUGIO MARIO BEZZI

Today's main objective is to reach the sublime lac de Saint Grat (Lago di San Grato) perched at an altitude of around 2470m in the heart of a small, wild mountain cirque. It's a long climb, but there's a great view of the other main lake in the valley: the Lac de retenue de Beauregard. In the second half of the day, a descent takes you back to the Valgrisenche torrent before a final, gentle climb to the typical Mario Bezzi rifugio. Overnight in a refuge, **without your luggage**.

Distance : 21km / Dénivelé : +1700 m -1100 m

DAY 4**COL BASSAC DERE & COL ROSSET - VALSAVARENCHÉ**

An incredible stage with a sharp gradient! First 800m positive on the edge of the Gliaretta glacier to reach the breathtaking Col de Bassac Dere (3083m). From the pass, we discover another glacier, the Goletta glacier and the lake of the same name. Here, the atmosphere is ultra-alpine. The first part of the descent is technical and stony; then the mountain pastures reappear near the Benevolo refuge... But the day isn't over yet! The Col Rosset (3023m) and the Grand Collet (2832m) must be crossed to reach the Valsavarenche, its many lakes and the foot of Gran Paradiso... a memorable stage!

Overnight in a refuge, **with your luggage**.

Distance 29km / Dénivelé : +2200 m ; -2500 m

DAY 5**COL MANTEAU & PUNTA PERCIA (3212m) - EAUX ROUSSES**

After a day that couldn't be more mineral, there's a more varied atmosphere, with the impressive larch forests making a comeback. Of course, the big passes remain on the programme, including the climb up the Entrelor. The stage ends with the sound of marmots and a gentle forest trail to the hamlet of Eaux Rouses. Overnight in a hotel, **with your luggage**.

Distance 24km / Dénivelé : +1450 m -1750 m

DAY 6**COL DU LAUSON - COGNE**

One last stage to complete and one last mythical pass to climb (Col du Lauson - 3299m) to feel the thrill of the challenge! Reaching Cognes after 6 days of intense adventure in the heart of this wild Valle d'Aosta promises to be an emotional experience.

Distance : 26km / Dénivelé : +1700 m ; -1800 m

End of the trail day in the afternoon.

The program was established according to the latest elements known at the time of its writing; imponderables are always possible and situations beyond our control can modify the course.
