Day-by-day itinerary

DAY 1

Meet at 10am at your accommodation for a debrief with your guide.

Our hikes are chosen to be accessible with no danger for most of the winter. However, the guide may need to modify the program based on the weather or an exceptional avalanche risk, in order to offer the best choice for the day (a forest outing in the snow, a panoramic outing in good weather, etc.) in complete safety. The walking hours and elevation gains are indicative and may vary depending on snow conditions.

MEGÈVE AND THE STASSAZ WATERFALL

A short transfer by minibus (about 20 minutes) to reach the starting point of the hike at the small hamlet of La Livraz, where the cross-country ski area of Megève is located. It's a soft and magical first day, with cold and sparkling snow stretching out before us. We walk to the impressive frozen Stassaz waterfall, where the group photo is a must. The descent is playful, as we weave between snow 'mushrooms' standing on cut tree trunks and small rock blocks. Transfer back to the hotel.

4-hour walk / Elevation : +/- 400 m

DAY 2

PANORAMIC YOGA-HIKE ON MONT BLANC FOLLOWED BY A RELAXATION SESSION AT THE ST-GERVAIS THERMAL BATHS

A short transfer by minibus (about 25 minutes) to reach the family-friendly resort of Passy Plaine-Joux, which offers a unique panorama of Mont Blanc, heading towards Lake Vert. This lake is the natural emblem of the town of Passy and a popular spot for photography enthusiasts. Next, a short ascent takes us to the Châtelet des Ayères, where a yoga break is a must. Depending on the group's preference, an additional loop can be taken via the Mollays mountain pasture.

4-hour walk / Elevation: +/- 400 m

Optional extras : After this second day of activity, what better than a moment of relaxation at the St-Gervais-les-Bains thermal baths? *'The Thermal Spa of Bains du Mont Blanc offers you an extraordinary wellness experience! Between indoor and outdoor areas, the Bonnant Gorge becomes the stage for an elegant stroll in the heart of a breathtaking environment'*

DAY 3**LOOP OF THE PORCHEREY MOUNTAIN PASTURE**

From Plan de la Croix at 1450m altitude, we walk between forest and mountain pasture, facing the Mont Blanc massif, with views of the Aiguille de Bionnassay and the Miage domes. This panoramic view of the Val Montjoie is stunning! Some footprints in the snow lead us to the Croix de Porcherey, where the nature yoga session is invigorating. After a final friendly picnic, we gently return to Plan de la Croix.

3 to 4-hour walk / Elevation: +/- 250m

End of stay around 4pm at the accommodation.

The journey

LEVEL**

Elevation: +/- 400 m depending on the stages.

Walking time: 3 to 5 hours of hiking per day, depending on the group's level.

Fitness level: This trip is accessible to everyone, even to hikers who have never used snowshoes.

A good overall fitness level is required. A few months before the trip, feel free to train: 2 to 3 hours of walking, swimming, cycling or jogging at least twice a week, will help you arrive in good shape and fully enjoy the snowshoe outings. You can take a rest day during the trip if needed.

SNOW CONDITIONS

With climate change in progress, we can no longer be sure of the presence and quality of snow in the mountains, even in the Northern Alps. However, the mountains in winter, even without snowshoes, are still a treasure trove to be discovered. When snowshoes can't be used due to lack of snow, mini-crampons are available to ensure that you can practise in complete safety.

GUIDING

Number in a group between 6 and 12 people supervised by a qualified professional winter mountain leader, specialist in snow and avalanches.

ACCOMMODATION

Accommodation in a charming small 3-star hotel in the center of Saint-Gervais-les-Bains. Double rooms with private bathrooms (triple rooms if the number is odd). Single rooms available with supplement, upon request.

MEALS

Breakfasts are served at the hotel, and dinners are taken in a restaurant in the center of Saint-Gervais-les-Bains. For lunch, we take a picnic, consisting of a hot soup and regional products.
