In the heart of the Ecrins National Park, you are surrounded by unspoilt nature, exceptional flora, lakes and breathtaking panoramas. You cross this massif, pass from the top of the valley of the Romanche, in the country of the Meije, to reach the narrow and isolated valley of the Valgaudemar. Between glaciers, high lakes, waterfalls, passes and comfortable mountain huts whose isolation makes you appreciate the conviviality, this stay is a complete change of scenery in this alpine atmosphere under the sun of the Southern Alps.

You will love

- The wild and preserved territory of the Ecrins National Park
- The proximity of glaciers and the high peaks of the massif
- The typical villages of the Valgaudemar, Romanche, Guisane and Vallouise valleys
- The passage of wild and demanding passes
- Accommodation in friendly shelters and cottages.

Day-by-day itinerary

DAY 1

Departure from the Guisane valley for Pelvoux

MONETIER - EYCHAUDA LAKE - PELVOUX

You can leave your vehicle along the Guisane in the car park at the start of the GR54. This is a free, unguarded car park. If you choose to arrive the day before, you can stay at the gîte "le Flourou", which is just opposite this car park. Please note that this is a long stage, **so you'll need to leave early (9am maximum)**. Today we leave the Guisane valley for Pelvoux. Leaving Monétier-les-Bains, it's a long morning climb up the Tabac valley to the steep Col des Grangettes (2684m). You'll have a bird's-eye view of Lac de l'Eychauda, which freezes over late in the season. Descend into the magnificent Eychauda valley to reach the Vallon Chambran.

7 hours walk / Altitude difference: +1130 m; -950 m ; 17.5 km

DAY 2

BETWEEN AYGUES - COL DE L'AUP SAINT MARTIN - PRÉ DE LA CHAUMETTE

For this stage, we advise you to take the regular shuttle bus (for a fee of €10, booked with your accommodation provider, it will save you a good 2 hours' walk).

Start this stage with a light kit, as your bags cannot be transported to the Pré de la Chaumette hut. A long, gently sloping climb up the valley (you can book the shuttle bus to take you to the bottom of the valley (6km); ask your accommodation for details). Once you are out in the mountain pastures, you can see the pass in the distance behind several rocky locks, which you climb for a long time. The final climb is a little steeper, in black schist, a slightly austere atmosphere that spices up the end of the ascent. We pass the Col de l'Aup Martin (2761m) and then the Pas de la Cavale. A quick descent to the Pré de la Chaumette refuge. Night in refuge **without the luggage**.

7.30 hours walk / Altitude difference: +1150 m; -985 m ; 16.5 km

DAY 3

PRÉ DE LA CHAUMETTE - COL DE VALOMPIERRE - VALLÉE DU VALGAUDEMAR

Departure from the refuge for the "famous 3 cols". In fact, most of the day will be spent climbing three successive passes: the Col de la Valette (2668m), the Col Gouiran, a little below, with its small lakes. The last, the Col de Valompierre (2607m), dominates the rocky valley above the Valompierre refuge.

Descend to the Severaisse valley, then transfer by shuttle bus to La Chapelle en Valgaudemar (please check the details and timetable on your itinerary). Night in gîte or refuge.

7 hours walk / Altitude difference: +1190 m; -1420 m ; 18 km

DAY 4**LA CHAPELLE EN VALGAUDEMAR - COL DES CLOCHETTES - REFUGE DES SOUFFLES OR DE L'OLAN**

From the Chapelle (1075m), the path climbs relentlessly, even though there are a few waterfalls along the way. Our efforts are soon rewarded by the views that widen as we climb, in particular of the Pic Pétarel (2618m), the Pic de Colle Blanche (2975m) and the Pic de Parières (3076m) to the south (if the group's level allows, we can reach the refuge de l'Olan, set in magnificent surroundings at the foot of L'Olan, La Rouye and the cime du Vallon).

We then cross quickly to the Col des Colombes (2,423 m) and Lac Lautier, before taking the balcony down to the Col des Clochettes and the Souffles refuge (1968 m). Night at the refuge **without luggage**.

6h30 walk/ Altitude difference: +1350 m ; -490 m ; 10 km

DAY 5**REFUGE DES SOUFFLES - COL DE VAURZE - THE VALJOUFFREY DESERT**

At the departure of the refuge, climb to the mountainside towards the Vaurze pass. It is under the singing of beautiful waterfalls that we will appreciate the last magnificent panoramas on the southern part of the Ecrins. Pass of the Col de Vaurze (2500 m), then in this very mineral environment, descent on the Valjouffrey Desert. Night in a gîte.

5.30 hours walk/ Altitude difference: +650 m ; -1330 m ; 10 km

DAY 6**VALJOUFFREY DESERT - BELLE HILL PASS - VALSENESTRE**

Departure from this beautiful little village to go up the valley of the Leash towards the Col de Cote Belle (2220m). In these alpine pastures there is an impressive flora, we dwell on an impressive geological curiosity called the Giant Organs here. Descent in the nature reserve of the Haute Vallée du Béranger to the cottage of Valsenestre. Night in a gîte.

6h30 walk/ Altitude difference: +1000 m ; -995 m ; 10.6 km

DAY 7**VALSENESTRE - COL DE LA MUZELLE - VENOSC**

Departure from the small village of Valbonnais to reach one of the most prestigious passages of the GR54: The Col de la Muzelle (2613 m). In this alpine valley, you will undoubtedly cross sheep herds that graze peacefully. The descent on the lake and the refuge of the Muzelle will be done quickly and the terrace overlooking the lake will be conducive to a break. Descent by the torrent to Bourg d'Arud in the middle of several waterfalls. Transfer (30 mn) to Besse, above Lake Chambon for the final section. Night in a gîte.

6.30 hours walk/ Altitude difference: +1350 m ; -1700 m ; 15 km

DAY 8**BESSE - PLATEAU D'EMPARIS - VILLAR D'ARÈNE**

Beautiful hike for this day from the small village of Besse in Oisans to discover the fabulous Plateau d'Emparis in the air of Mongolian steppe. Throughout your walk, stunning views of the Meije and its glaciers. The surroundings of Lake Lérié or Lake Noir will be suitable places to take a break. Descent on the Village de la Grave then Villar d'Arène to make a stop. Night in a gîte.

6.30 hours walk / Altitude difference: +1290 m; -1200 m ; 20 km

DAY 9**VILLAR D'ARENE - LAC GLACIAIRE D'ARSINE - MONËTIER-LES-BAINS**

From this mythical village of Villar d'Arène, via an alpine climb, join the sources of the Romanche to the Col d'Arsine. Small detour to the amazing lake - Arsine glacier. This small ice meltwater reservoir has a milky colour due to the presence of mineral glitter suspended in the waters and coming from glacial erosion. Crossed the Reou d'Arsine then descent to the Casset, last village of Serre Chevallier.

6 hours walk / Altitude difference: +750 m; -940 m ; 20.5 km

End of the circuit in Mònetier-les-Bains

The roadbook provides sufficient information on the itinerary of your hike. Guiding is not included in the self-guided package. You will be crossing areas with no telephone network. LUGGAGE TRANSPORT

Your luggage is transported by a logistics vehicle every step of the way, except on days 2 and 4 as the refuge is not accessible by car.

Your spare items must be grouped into **1 soft bag not exceeding 12kg per person!** We especially insist on the size and weight of your luggage transported: during your tour, it is handled every day by a driver several times (Please think to their back!) to go to shelters that are not always easy to access. Use one piece of baggage per person, as grouping two people's belongings into one container usually results in excessive weight. Better two bags of 12kg than one of 24! **Be careful, luggage that is too heavy or too bulky will not be taken care of by drivers.**

YOUR BAKCPACK FOR THE NIGHTS WITHOUT LUGGAGE

For the nights your luggage won't be dropped off at your accommodation (you will get it back the day after). Here are the things to bring with you (about 2 kilos are enough!):

- small toiletries bag
- sleeping bag liner sheet
- change of clothes for the day after (bare necessities!) and comfortable for the evening.
